Vážení zákazníci,

do rukou se Vám dostává tištěný katalog startérů a alternátorů na nákladní vozidla: DAF, IVECO, MAN, MERCEDES, RENAULT, SCANIA a VOLVO.

Tento katalog je sám o sobě vyjímečný tím, že jako jediný na trhu prezentuje tento sortiment dle značek vozidel, čímž výrazně šetří čas s vyhledáváním a identifikací daného startéru, a nebo alternátoru. Navíc najdete u každého z těchto výrobků příslušné katalogové číslo BOSCH, popř. OEM kód dané značky automobilu.

Závěrem bychom Vás rádi informovali, že námi nabízené startéry a alternátory jsou zcela novými výrobky a nejedná se tudíž o repase. Taktéž Vás musíme upozornit, že se jedná o špičkové produkty vyrobené na území EU.

Těšíme se na setkání s Vámi.

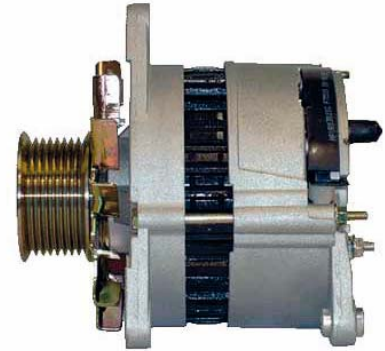

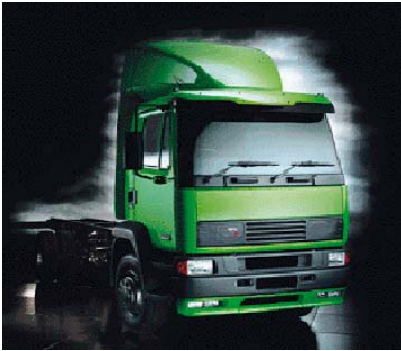

Dear Customer,

Welcome to the brand new catalogue of starters and alternators for trucks: DAF, IVECO, MAN, Mercedes, Renault, Scania and Volvo.

The catalog itself is exceptional in being the only one on the market by presenting the range of vehicle brands, which saves time in searching for and identifying the stater or alternator. In addition, you will find each of these products by the Bosch part number or OEM vehicle code.

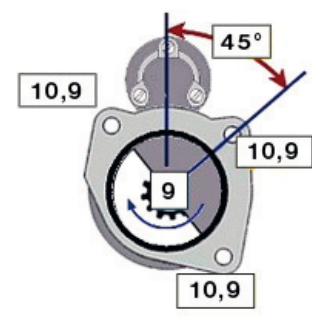

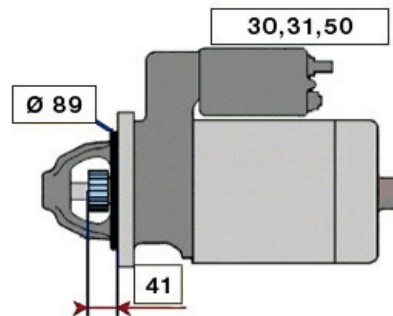

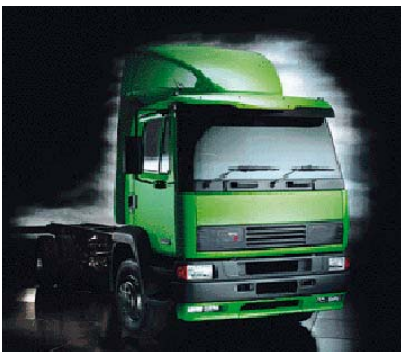

Finally, we would like to inform you that offered starters and alternators are completely new products, and therefore not a refurbished parts. Also you must note that these are top quality products manufactured in the EU.

Thanks for your continued support.
